

SHANTANU CHOUGULE

shantanuchougule7595@gmail.com | +91-7030366878 | github.com/shantanuchougule

Education

- D. Y. Patil College of Engineering and Technology, Kolhapur** 2022 - 2025
B.Tech in Computer Science and Engineering (AI & ML) Aggregate CGPA: **8.7**
- Sanjay Ghodawat Polytechnic, Atigre** 2019 - 2022
Diploma Aggregate Percentage: **86.91**
- Shri Hanumantrao Chate School, Kolhapur** 2018 - 2019
SSC Aggregate Percentage: **87.20**

Skills

Programming Languages: Python | Java | SQL

Technologies & Tools: Data Science | Machine Learning | MySQL | Tableau | Html | CSS | Bootstrap | ReactJs

Work Experience

- ReactJs Intern | Comtranse Technology** Jun'23- Jul'23
- (Skills Used: ReactJS, MySQL, HTML, CSS, Bootstrap, UI/UX Design)
- Restaurant Website:** Developed a responsive restaurant website using ReactJS, MySQL, and Bootstrap to enhance user experience and digital engagement. Created a seamless booking interface, collaborated on UI/UX design, and implemented efficient data handling with MySQL for dynamic content integration.

Projects

- Bike Price Prediction System** 2023
- (Skills Used: Python, Machine Learning, Data Analysis, Pandas, Scikit-Learn)
- Built a machine learning model to predict bike prices based on features like brand, model, and mileage, aiming to assist buyers and sellers in making informed decisions.
 - Processed historical data and optimized the model to provide reliable predictions with an accuracy of over 90%.

- Diet and Workout Recommendation** 2024
- (Skills Used: Python, Computer Vision (CNN), Google Gemini API, Streamlit, PDF Generation)
- Developed an AI-powered health management app that uses a CNN model for food recognition, enabling users to upload images for instant classification of food items.
 - Integrated the Google Gemini API to deliver personalized diet and workout recommendations based on the user's dietary habits and health details also Implemented PDF report generation, allowing users to download a detailed fitness report.

- Ai Data Extractor** 2024
- (Skills Used: Python, Streamlit, SerpApi, Pandas, API Integration, CSV Handling)
- Developed an AI-powered data extraction tool using Python and Streamlit that automates web searches and retrieves structured information from datasets via SerpApi integration

ACHEIVEMENTS & CERTIFICATIONS

- Techquizaton 2.0 : Secured 2nd Rank in National level Techquizaton conducted by DYPCET**
- The Complete Python Bootcamp From Zero to Hero in Python- **Udemy**
- Front End Web Development – **Udemy**
- Introduction to Machine Learning- **NPTEL**
- AIML Virtual Internship- **EDUSKILL**
- Introduction to Cybersecurity- **CISCO**
